Union Minister Jyotiraditya M. Scindia Chairs Telecom Startups and MSME Conclave 2026

CHENNAI – 25 Nov, 2026 Calls for Strengthening Indigenous Telecom Innovation and Entrepreneurship.

Union Minister for Communications and Development of North Eastern Region Jyotiraditya M. Scindia today chaired the Telecom Startups and MSME Conclave 2026, organised by the Department of Telecommunications (DoT), Ministry of Communications, at Leaders Lounge, Bharat Mandapam, New Delhi. The Conclave underscored the Government's commitment to strengthening indigenous telecom innovation, promoting entrepreneurship and facilitating the development and commercialisation of homegrown technologies.

The Conclave brought together telecom startups, Micro, Small and Medium Enterprises (MSMEs), industry leaders, investors, academia and government representatives on a common platform to showcase indigenous products and solutions, deliberate on challenges faced by domestic innovators and explore opportunities for scaling up Indian telecom technologies.

Debjani Ghosh, Distinguished Fellow at NITI Aayog and Chief Architect of the NITI Frontier Tech Hub, delivered the keynote address during the session, highlighting the importance of fostering innovation, strengthening collaboration among stakeholders and creating an enabling ecosystem for technology-led entrepreneurship.
