Godrej Professional Launches MajestÉ Hair Colour Collection, Trains 700+ Salon Professionals Ahead of Festive Season

Mumbai, 15 Oct 2026: Godrej Profes sional, the professional hair brand from Godrej Consumer Products Limited (GCPL) with products across hair care, colour, styling and treatments, has launched Majesté, its latest hair colour collection. Powered by Dimension, Godrej Professional's no-ammonia colour range, Majesté arrives as the festive season brings peak footfall to salons.

Inspired by regal heritage and the brilliance of precious gemstones, Majesté is built around the idea of colour that is royal, grand, powerful and elegant. It gives stylists an elevated canvas to create distinctive hair transformations, across three shades. Florence Gold, a brown gold tone, embodies quiet sophistication with rich depth and radiant reflections, creating a polished, effortlessly luxurious finish. Roman Ember, a copper brown shade, brings together rich bronze tones and deep burnished brown, inspired by the power of ancient empires and the elegance of modern luxury. Parisian Rouge, a reddish-brown shade, features deep garnet tones, velvety wine hues and luminous crimson reflections, capturing the allure of city lights and high-fashion glamour.

To mark the launch, Godrej Professional held immersive technical sessions in four states including Gujarat, Maharashtra, Punjab and Assam, bringing together hairstylists, salon professionals and salon owners. Led by Shailesh Moolya, National Technical Head, Godrej Profes sional, the sessions combined technique-building with advanced colouring demonstra tions, equipping 700+ salon professionals across the four cities to translate global colour trends into persona lised hair transfor mations. Through the collec tion, Godrej Profes sional continues to strengthen its commitment to the professional hair eco system by combining colour innovation, global trends and technical education, while empowering salon professionals to translate evolving trends into persona lised experiences for their clients.
