(SIR) of electoral rolls.

A bench of Chief Justice Surya Kant and Justice Joymalya Bagchi issued notice to the ECI, Chief Election Commissioner Gyanesh Kumar and Election Commis

The facility is also expected to generate additional electricity revenue for TANGED

The development is expected to strengthen Chennai's digital ecosystem and attract further investment in IT infrastructure and related industries. Senior CapitaLand officials and State Industries Department representatives attended the inauguration.

Sandhu and Vivek Joshi. During the hearing, the CJI orally remarked, “We would also ask one of the petitioners about his conduct.”

The remark comes after Gandhi, along with Congress and other Opposition leaders, led a march towards the Supreme Court on October 12, triggering a large gathering and commotion within the court premises. Although Gandhi was initially expected to submit the petition personally, it was filed through lawyers as the Supreme Court Registry was nearing its closing time. The leaders later visited the Registry,

The petitioners include Congress president Mallikarjun Kharge, Saugata Roy of the Trinamool Congress, Akhilesh Yadav of the Samajwadi Party, Tejashwi Prasad Yadav of the RJD, Sanjay Raut of Shiv Sena (UBT), M.A. Baby of the CPM, D. Raja of the CPI, Mahua Majhi of the JMM, Supriya Sule of the NCP (Sharad Pawar faction) and ET Muhammed Basheer of the IUML. VCK president Thol. Thirumavalavan and National Conference MP Sajjad Ahmad Kichloo subsequently joined the petition.

CM VIJAY INSPECTS MONSOON PREPAREDNESS IN CITY

Earlier in the day, Vijay and Singapore Deputy Prime Minister Gan Kim Yong jointly inaugurated a 46-MW data centre established by Singapore-based CapitaLand in

Chennai, 16 Oct 2026: Prime Minister Shri Narendra Modi inaugurated and dedicated five major development projects worth around ₹3,350 crore in Ladakh today via video conferencing. Celebrating a new chapter in the region's development through virtual participation, the Prime Minister inaugurated multiple key projects designed to ease travel, improve electricity and water access, and preserve ancient heritage. He fondly noted the enthusiasm of citizens waving the Tricolor amidst fresh snowfall in Zaskar, while extending his gratitude to the engineers, laborers, local workers, and the BRO personnel who executed these challenging works. "I extend my heartiest congratulations to all the people of Ladakh

He subsequently visited the Buckingham Canal near Basin Bridge to review the ongoing desilting operations. He also inspected the removal of water hyacinth and accumulated silt at the point where the Otteri

PRIME MINISTER NARENDRA MODI INAUGURATES FIVE DEVELOPMENT PROJECTS WORTH ₹3,350 CRORE IN LADAKH

2026: Prime Minister Shri Narendra Modi inaugurated and dedicated five major development projects worth around ₹3,350 crore in Ladakh today via video conferencing. Celebrating a new chapter in the region's development through virtual participation, the Prime Minister inaugurated multiple key projects designed to ease travel, improve electricity and water access, and preserve ancient heritage. He fondly noted the enthusiasm of citizens waving the Tricolor amidst fresh snowfall in Zaskar, while extending his gratitude to the engineers, laborers, local workers, and the BRO personnel who executed these challenging works. "I extend my heartiest

for these projects,” affirmed Shri Modi.

Recalling his earlier laying of the foundation stone for the Kushok Bakula Rinpoche Airport terminal in Leh, the Prime Minister expressed delight at inaugurating the 650-crore-rupee facility that triples flight capacity and expands annual passenger handling from 10 lakh to 35 lakh. He highlighted that the terminal is India's first

heating alongside solar energy usage to suit the harsh climate, energizing local tourism while balancing infrastructure growth with ecological care."Our effort is to develop modern infrastructure in Ladakh while taking full care of the local environment," asserted Shri Modi.

Underscoring the

During the inspection, Vijay reviewed the progress of the works with senior officials, including Additional Chief Secretary to the Water Supply Department Gagandeep Singh Bedi, Chennai Metropolitan Water Supply and Sewerage Board Managing Director T. Anand, Greater Chennai Corporation Commissioner Sameer Anand and senior officials of the Municipal Administration Department.

The Chief Minister instructed officials to complete desilting and drainage works at the earliest to prevent waterlogging in low-lying areas. He also stressed the need for adequate precautionary measures to ensure that residents do not face difficulties during the monsoon.

illuminating homes and empowering children's education, healthcare delivery, and small-scale enterprises."Every sector will benefit from it," observed Shri Modi. Focusing on agricultural resilience and water security across the high-altitude terrain, the Prime Minister dedicated 40 newly constructed reservoirs developed under Project Amrit Him Sarovar to the local community. He stated that these water bodies are designed to support the agrarian economy during critical cultivation cycles."These will help in providing water for irrigation to farmers at the time of need," noted Shri Modi.

MGM HEALTHCARE MALAR, ADYAR LAUNCHES METABOLIC CLINIC, FOR OBESITY AND METABOLIC DISORDER

Chennai, 16 Oct 2026: MGM Health care Malar, Adyar has launched a Metabolic Clinic with an advanced, comprehensive multispecialty programme for obesity and metabolic disorders, offering individualised, evidence-based treatments for excess weight management of associated medical complications, and support for remission of several metabolic conditions.

The programme prioritises sustainable outcomes and long-term metabolic health rather than weight loss alone. It addresses associated conditions such as prediabetes, type 2 diabetes, Polycystic Ovary Syndrome (PCOS), and lipid abnormalities, including elevated cholesterol and triglyceride levels. It also helps patients

break the cycle of knee pain, reduced physical activity, and further weight gain. In addition, the programme offers integrated care for obstructive sleep apnea and fatty liver disease, which can improve with sustained weight reduction.

Thiru Rhevanth Charan P, MLA, Madhavoyal, launched the programme in the presence of Dr. Kalpana Thai B, Medical Superintendent, MGM Healthcare Malar Adyar, Dr. Meherprasad Y. D., Senior Consultant - Endocrinologist, and the team of medical experts from the new clinic.

A key differentiator of the integrated programme is its endocrinologist-led approach, which ensures that weight management is guided by a comprehensive understanding of

AXIS MAX LIFE PARTNERS WITH TATA DIGITAL GROUP COMPANY TO MAKE LIFE INSURANCE MORE ACCESSIBLE

Chennai, 16 Oct 2026: Axis Max Life Insurance Limited, formerly known as Max Life Insurance Company Limited (“Axis Max Life” / “Company”), has partnered with Tata Fintech, a subsidiary of Tata Digital, to expand the portfolio of life insurance solutions on Tata Neu, India's omnichannel loyalty and financial services app.

Through the association, customers will be able to explore and purchase select Axis Max Life protection and long-term savings solutions on the platform. The proposition combines Axis Max Life's life insurance expertise with Tata Digital's connected

digital ecosystem, creating a simpler route for customers to act on important financial priorities. The collaboration is designed to place life insurance within a platform that customers use for a range of financial and lifestyle needs. By reducing the distance between financial intent and action, Axis Max Life and Tata Digital aim to make protection and long-term planning more accessible, relevant and convenient.

Sumit Madan, Managing Director and CEO, Axis Max Life, said “Our partnership with Tata Digital reflects a shared commitment to making

hormonal and metabolic health. It is further supported by cardiology for cardiovascular risk evaluation and care; pulmonology for the diagnosis and treatment of obesity-associated respiratory conditions; and hepatology for liver health, with a focus on the prevention and treatment of fatty liver disease. Dietitians provide personalised nutritional guidance and sustainable dietary planning, while physiotherapists offer individualised support for physical activity, mobility, and exercise. The clinic is equipped with advanced technology to analyse body composition, including fat and muscle mass, enabling more precise and personalised treatment planning. It also offers newer pharmacological treatments, including GLP-1-based medications, where clinically appropriate, alongside customised lifestyle interventions tailored to each patient's needs.

The programme is led by Dr. Meherprasad Y. D., Senior Consultant Endocrinologist, with over 30 years of experience in weight management, supported by specialists Dr. Manohar G. (Cardiology), Dr. Ammaiyappan Palaniswamy C. (Pulmonology), and Dr. Kavitha Sampathkumar (Hepatology), along with dietitians and physiotherapists.

life insurance more accessible, relevant, and intuitive for millions of Indians within the ecosystems they already trust and engage with. By bringing Axis Max Life's protection and long-term savings solutions onto Tata Neu, we aim to empower individuals and families to make informed financial choices and plan with greater confidence for the future.

This association advances our vision of widening insurance penetration through digital innovation while helping more Indians build a stronger foundation for long-term financial security.”

The association reflects a shared focus on using technology and ecosystem-led distribution to improve access to life insurance. Customers will be able to explore relevant protection and long-term savings solutions and take meaningful steps towards securing their families and preparing for future financial goals through Tata Neu.

DP WORLD OPENS UP NEW GOLF OPPORTUNITIES FOR SPECIALLY ABLED PEOPLE ACROSS INDIA

Chennai, 16 Oct 2026: DP World follows an adaptive helping more golf event at Delhi Golf Club during DP World specially-abled people access golf India Championship through a £10,000-equivalent commitment from its DP World India Championship Legacy Fund to support the Adaptive Golf Alliance Foundation (AGAF).

The funding will support AGAF's Discovery Events across India, offering introductory sessions and pathways into regular coaching and competition. It will also contribute to coach development and education programmes, while connecting new golfers with established adaptive players.

AI+ SMARTPHONE STRENGTHENS CUSTOMER EXPERIENCE THROUGH USER FEEDBACK

Chennai, 16 Oct 2026: Ai+ Smart updates aimed at improving camera stability.

As part of its commitment to transparency, Ai+ Smartphone has introduced Project Open Review, inviting reviewers, content creators, journalists, technology enthusiasts and ethical hackers to independently evaluate its devices before launch. The initiative has received over 1,000 registrations, enabling the brand to gather independent feedback and make necessary refinements ahead of product launches.

Across its portfolio, devices such as the Nova 2 Neo 5G, Nova 2 Power 5G and Nova 2 Ultra 5G have received positive feedback for their battery life, design, camera capabilities and overall performance. The Nova 2 Ultra 5G has also received software

a meaningful difference in our communities. Through the DP World Legacy Fund, we are committed to breaking down barriers and making golf more accessible and inclusive. Our support for the Adaptive Golf Alliance Foundation is an opportunity to show someone that sport has the power to empower individuals, build confidence and create opportunities for people of all abilities to participate, thrive and realize their potential.”

Balendu Singh, Director of Adaptive Golf Alliance Foundation, said: "The support from the DP World Legacy Fund will help us introduce more specially abled people to golf across India. Every Discovery Event

is an opportunity to show someone that golf is a sport they can access, enjoy and excel in. This funding will help us reach more communities and create pathways for players to develop their skills and pursue their goals in the game.”

the nature of the issue right and where we need to improve. Whether through software updates, stronger product testing or more responsive after-sales support, our focus is on translating these insights into meaningful action. We want our customers to know that their voices play an important role in shaping the Ai+ experience.”

Commenting on the approach, Archi Gogoi, Head of Brand, Marketing & Growth at Ai+ Smartphone, said, “At Ai+ Smartphone, we believe that building better technology starts with listening to the people who use it. Customer feedback and customer-focused experience.

HP INTRODUCES ZBOOK ULTRA G3A IN INDIA, BRINGING MOBILE WORKSTATION POWER TO LOCAL AI AND AGENTIC WORKFLOWS

Chennai, 16 Oct from concept to completion while maintaining productivity across offices, client sites and remote locations.

"As AI becomes integral to professional workflows, the need for technology that combines performance, mobility and intelligence is growing. The HP ZBook Ultra G3a 16” bridges this gap by bringing AI at the edge to a mobile workstation, enabling users to run advanced AI workloads and apply agentic AI to complex workflows," said Sanjeev Pathak, Senior Director – HP Solutions, HP India.

Built for demanding professional workflows, the HP ZBook Ultra G3a 16” offers

- Local AI performance: Powered by up to AMD Ryzen AI Max+ PRO 495 and up to 192GB unified memory, including up to 160GB dedicated VRAM and 55 TOPS NPU, the system supports up to 300B-

Whether developing AI applications, engineering complex products, designing immersive experiences or creating high-resolution content, professionals increasingly need to do more with less time. The HP ZBook Ultra G3a 16” helps streamline workflows, enabling users to move faster

SCHNEIDER ELECTRIC BRINGS MOBILE SERVICE INNOVATION HUB TO SOUTH INDIA WITH SERVICES XPRESS

Bangalore, 16 Oct solutions for critical aim is to enable

2026: Schneider Electric, a global energy technology leader, has kicked off Services Xpress in South India, bringing its mobile service innovation hub to five states and 20+ cities over 120+ days.

Beginning in Bengaluru, the initiative will take Schneider Electric’s service expertise and technologies closer to industrial markets across the region, with live demonstrations of AI-powered monitoring, condition-based maintenance and lifecycle

parameter LLMs locally.

- Mobile workstation performance: Starting at approximately 1.9 kg and 17.9 mm thin, a new thermal design delivers up to 81.8% higher TDP, enabling up to 100W of performance for advanced workloads away from the desk.
- Premium OLED display: The 16-inch 2.8K OLED display with a 120Hz refresh rate delivers exceptional clarity, colour accuracy and responsiveness for demanding professional workflows.
- Long-lasting battery life: With up to 14 hours of battery life and a 96Wh battery, professionals can stay productive throughout the workday without frequent charging.
- Fast, efficient charging: HP 140W and 180W GaN USB-C AC adapters [7] provide powerful, space-efficient charging for mobile and desk-based work environments.
- 5G connectivity: Stay productive beyond Wi-Fi with secure 5G connectivity.
- Serviceability: An easily IT-replaceable keyboard and design features built for long-term use help extend device life and simplify serviceability.
- World Class Protection: HP Wolf Security delivers PC resiliency at every level

Pricing and Availability : The HP ZBook Ultra G3a 16” is priced at INR 2,89,990 (Tax exclusive) and available at HP commercial channel partners.

Its mobile format takes these capabilities directly to industrial clusters, creating an opportunity for organisations to engage with its service experts and explore applications in their operating environments.

Services Xpress will travel across Karnataka, Kerala, Telangana, Tamil Nadu and Andhra Pradesh, covering 20+ cities over 120+ days and bringing Schneider Electric’s service capabilities directly to key industrial markets across South India.

MARS AND MADRAS ANIMAL RESCUE SOCIETY PROMOTE RESPONSIBLE PET ADOPTION IN CHENNAI

Cehnnai, 16 Oct to prospective pet

2026: Mars has part nered with Chennai-based Madras Animal Rescue Society to promote responsible pet adoption as part of the 2026 Mars Global Adoption Weekend. A survey of 2,000 Indian adults revealed that 69% of Indians aged 25–34 have adopted a pet, making them the strongest adoption group. Mars has also launched an online Adoption Hub to provide expert guidance and support

The survey found that concerns about pets’ medical history (34%), behaviour (23%) and compati bility with households (27%) can discourage adoption. It also revealed that 89% of adopters in India change their pets’ food after adoption, high lighting the importance of expert guidance on nutrition and respon siblepetcare.

VINGROUP ANNOUNCES THE ESTABLISHMENT OF VERTA - A NEW EDUCATIONAL MODEL FOR A GENERATION GROWING UP IN THE AGE OF AI

Hanoi, 16 Oct 2026: As a new education

Vingroup officially announces the esta blishment of VERTA International School, a new K-12 educational model built on a U.S.-oriented educational approach and designed for a generation grow ing up in an age when artificial intelligence is transforming how we learn, work and create. Guided by the philo sophy Learn. Make. Matter., VERTA aims to develop students with strong academic foundations, indepen dent thinking, and the ability to harness AI and technology to expand what they can do, solve problems and create value for others.

VERTA is a K-12 school system for Vietnamese and inter national students, located at 148 Giang Vo, Hanoi, and is scheduled to open in August 2027. The school will have a maximum capacity of approximately 800–1,000 students. Admis sions for its first academic year will begin in October 2026, welcoming approxi mately 400 students from Grades 1 to 11.

brand developed by Vingroup alongside Vinschool, Brighton College Vietnam, Vin Nexus Center and VinUniversity, VERTA aims to nurture a generation growing up in the age of AI with the depth of knowledge, independent thinking, and strength of character to shape their own futures and create meaningful value.

Matter.

LEARN – Build knowledge to think independently. Students develop strong academic foun dations while being encouraged to take initiative, explore and learn through experi ence. The VERTA curri culum provides depth in mathematics, science, languages, social studies and the arts. In the upper grades, it expands to include AI and Advanced Computing, Engineering, Biomed ical Science, Entrepre neurship and Advanced Placement (AP) courses. Learning is also designed to be interdisciplinary, enabling students to

Mars Pet Nutrition, support needed to India, said that every pet deserves a safe, lifelong commitment.

Tasmia, Founder of Ubasti Cat Café, added that responsible adoption helps rescued animals find loving homes and encourages families to understand the lifelong commit ment involved in pet parenting.

connect knowledge across different fields, consider problems from multiple perspec tives and draw on what they have learned to address them with increasing indepen dence and ownership.

MAKE – Turn understanding into capability. Students apply what they learn to create tangible outcomes that can be tested, challenged and improved. They learn to move from questions to ideas, from ideas to design, and then through a process of building, testing, receiving feedback and refinement. VERTA aims to develop not only students’ ability to create, but more impor tantly the thinking that enables them to create purposeful solutions

and products.

MATTER – Apply capability to create value. Students are encouraged to use their knowledge and capabi lities to address meaningful problems and create value by connecting learning with the real world. This includes bringing real-world problems, authentic data, experts, and people who can use or critically evaluate students’ work into the learning experience. Vingroup’s wider ecosystem – spanning higher education, research, healthcare, technology, industry, green mobility and urban development – provides distinctive opportunities to connect learning at school with the world beyond the classroom.

MYTHRI MOVIE MAKERS NAVEEN YERNENI AND Y. RAVI SHANKAR PRESENT ‘INDRU NETRU NAALAI’ & ‘AYALAAN’ FAME RAVIKUMAR’S DIRECTORIAL BLOCKBUSTER HERO SOORI STARRER NEW MOVIE LAUNCHED WITH GRAND RITUAL CEREMONY

Chennai, 16 Oct

2026: The coming together of an actor celebrated for his content-driven choices that have both won critically and commer cially, and a produc tion house known for churning out block buster entertainers has set the stage for an exciting new collabo ration in Tamil cinema.

Actor Soori’s seventh film as a lead actor and Mythri Movie Makers’ fourth Tamil production, headed by Naveen Yerneni and Y. Ravi Shankar, tentatively titled "Soori 7", commenced its journey with a grand pooja ceremony in Chennai on October 14, graced by prominent persona lities from the Tamil film industry. Actor Sivakarthiskeyan clapped the clapboard, while producer Eldred Kumar switched on the

camera, marking the auspicious beginning of the project.

The other promi nent guests present on the occasion included producer Elred Kumar, director Mathi Maran, Lyca Productions’ Tamil Kumaran, director Keerthis waran, Bejoy Arputha raj of Phantom Films, directors A.R.K. Sara vanan, Nalan Kumara samy, Mithran, Vetri Maaran and Ram kumar, and producer Arun Vishwa.

The film is directed by Ravikumar, who has carved a distinctive space for himself with imaginative, entertain ing films such as Indru Netru Naalai and Ayalaan. Known for blending innovative story premises with humour and broad audience appeal, the filmmaker now joins hands with Soori for a project that brings

Net Profit up by 14.71% YoY at ₹3462 Cr in Sep’26 from ₹3018 Cr in Sep’25.

Operating Profit improved by 46.58% YoY to ₹7090 Cr in Sep’26 from ₹4837 Cr in Sep’25.

Net Interest Income increased by 17.83% YoY to ₹7719 Cr in Sep’26 from ₹6551 Cr in Sep’25.

Return on Assets (RoA) stood at 1.31%, Return on Equity (RoE) at 19.65 % in Sep’26.

Yield on Advances (YoA) stood at 8.17% in Sep’26.

Cost of Deposit stood at 4.89% in Sep’26.

Gross Advances increased by 16.39% YoY to ₹721982 Cr in Sep’26 from ₹620324
