

Independent Music Artist Paal Dabba's New Music Video Album 'Aeroplane' Released

Chennai, 29 Oct 2026: Rapper, singer, lyricist and actor Paal Dabba, a multifaceted talent, has been steadily carving a strong and distinctive space for himself in the independent music scene.

His music releases have consistently garnered massive digital attention and created a buzz across social media. His latest music video album, 'Aero plane', in which he has written, sung and acted, has now been released by Think Music India.

The music video features Paal Dabba and actress Ananya Ram Prasad in the lead roles. The video is directed by Rahul Ashok Kumar, with music composed by Adiel Massar and cinematography by Pragadeesh Prabhu.

Beginning with the lines “ Kaadhal Venamnu Sonna Kaadhal Panna Sonnaaye...”, the song has been written and sung by Paal Dabba. Set against the back drop of an aeroplane journey, the music video follows two lovers who meet again after a breakup.

As they cross paths once more, their shared memories and emotions unfold through the music, taking the audience on a nostalgic journey.

The chemistry between Paal Dabba and Ananya Ram Prasad, seamlessly blended with the music and storytelling, has become one of the highlights of the video and is receiving a positive response from audiences.

'Aeroplane' is essentially a love-failure song, but what makes it unique is its portrayal of a meeting between lovers after a breakup. Paal Dabba's heartfelt lyrics capture the emotions, memories and lingering feelings that follow a failed relationship.

With lyrics that resonate strongly with those who have experienced heartbreak, the song has quickly found a connection among young listeners and has become a relatable anthem for single boys and those navigating the emotions of a breakup.

The heartfelt writing and emotional treatment of the song have led many listeners to describe 'Aeroplane' as a healing song for those going through heartbreak, with the track being widely celebrated across the internet.
