# From Financial Constraints to Global Academic Opportunities

CHENNAI – 11 Nov, 2026 A significant opportunity came through the National Overseas Scholarship (NOS) Scheme of the Ministry of Social Justice and Empowerment, Government of India, for a youngster with financial constraints.

During the financial year 2025–26, Rajesh Shedge (name changed) received financial assistance under the scheme, enabling him to pursue his academic aspirations at University College London.

Coming from Maharashtra, a young student belonging to the Scheduled Caste community demonstrated strong academic commitment and an aspiration to pursue higher education at an internationally reputed institution.

Despite his dedication and academic ambitions, financial constraints posed a significant challenge to his dream of studying abroad. The high cost of international education, including tuition fees, accommodation, travel and other associated expenses, made pursuing postgraduate studies overseas difficult for his family.
