Dr. Jitendra Singh Celebrates World Diabetes Day with Enthusiastic Participation of Indian Diaspora in Italy

CHENNAI – 15 Nov, 2026 Highlights India's Scientific and Healthcare Progress.

Union World Diabetes Day was observed in Rome with enthusiastic participation from members of the Indian diaspora in Italy, representing diverse sections of society, including students, women, entrepreneurs and professionals from different walks of life. The participants joined the programme with great enthusiasm and expressed happiness and pride over India’s remarkable progress in science, technology, research and healthcare during the leadership of Prime Minister Narendra Modi. The gathering reflected the growing confidence of the Indian community in India’s scientific capabilities, healthcare initiatives and its expanding contribution to global scientific advancement.

The enthusiastic participation of the Indian diaspora, comprising students, women, entrepreneurs and members of the professional community, reflected the strong interest of Indians living abroad in India’s scientific and healthcare journey. The participants appreciated the country’s progress in scientific research, technological innovation and healthcare delivery under the leadership of Prime Minister Narendra Modi, expressing pride in India’s growing global standing and its commitment to addressing important public health challenges such as diabetes.
